Pictured above are but part of one of four different groups of Crawford County kiddies who met Santa Claus and were entertained by the Grayling Post 106, American Legion in the Post's new dining room constructed on their building this past fall. The fete held on Friday, December 23rd was the tenth annual kids Christmas party given by the Legion.

There are two things columnists can do for a New Year's column. One is talk about the parties they did or didn't attend, and the other is prognosticate about the future. In the first case, perhaps the most famous New Year's column appeared in a New York paper some years ago. The entire column repeated over and over again, "Never mix gin and whiskey, never mix gin and whiskey, but it's more fun to guess than that is all it can be as to what the future year holds."

There will be a heating up of the Cold War in an obvious attempt to discredit the Eisenhower administration's reputation for "containing" the Reds. The WILL run, but the Democratic attack will be on Nixon as a potential President should something "happen" to Ike. East and West Germany will engage in sporadic border fighting. American soldiers will be forced into fighting to defend Berlin as an "occupied" city. Israel will declare that a "State of War" exists with Egypt and at least one other Arab-bloc nation. Sentiment in this country for the Israeli cause will reach an all-time low. The British city of Hong-Kong will witness anti-British riots instigated by the Reds.

Not Stevenson, not Harriman, not Kefauver, but a young dark horse from the Midwest will take the Democratic nomination for President. Soapy Williams will be one of the strongest men at the Convention, will possibly end up as Vice-Presidential nominee to a "moderate" Presidential candidate. More bickering from the Junior Wisconsin Senator, Joe McCarthy, who will use the election year to discredit both Republican and Democratic administrations. He'll have some mighty powerful allies who command a great deal more popular respect than the Senator himself.

Car manufacturers will suddenly reach the "saturation point" with a high percentage of dealers going broke. Congressional investigations will result. Otherwise the economy will continue to boom, with stock market prices reaching the highest level ever. Bond sales will soar as a "return" conspicuous public balks at the return of investments on such high cost investments as corporate stocks. But dividends will be higher than 1955, especially in the first half. Credit will be liberalized shortly after the 15th of January, tightened up again in June. Taxes will be cut slightly as both parties struggle for public approval of Congressional behavior.

Armed forces requirements will be raised. Congress WILL pass a highway bill totaling billions, financed by increased taxes on gas, oil, and cars. Also look for Federal aid to education in the form of financial grants to help build schools. No increase in teachers' salaries, though.

Peron forces will stage a revolution in Argentina in an attempt to restore the ousted dictator to power. James Dean will win an Academy Award posthumously. Statehood for Hawaii and Alaska will fail to pass this Congress again. General Motors will be told to divest itself of some of its holdings but will fight the decree.

## Michigan's Governor Rejects Request

### Indiana Guardsmen Refused Use Of Camp Grayling by Williams

Gov. G. Mennen Williams, of Michigan last week rejected Gov. Craig's request for continued use of Camp Grayling, Mich., for training the Indiana National Guard each summer.

In a letter to the Indiana governor, Williams said Michigan permitted Indiana's 38th Infantry division to use the camp "to be helpful in time of an emergency." But Williams said he believes the state may not have had legal authority to do so.

He said Michigan National Guard leaders disapproved the joint use of Camp Grayling ex-

cept in time of war or other emergency.

Any future use, he said, would require legislative approval and payment by Indiana of part of the operating cost of the camp.

"I am sincerely sorry that the continued use of the camp cannot be arranged," Williams wrote, "and I am sincerely sorry that the continued use of the camp cannot be arranged."

Miss Elizabeth Matson of Stockton, Calif., was an overnight guest of Mr. and Mrs. Robert Hayes Friday.

## Mrs. Grace Newberry Succumbs In Frederic

Mrs. Grace Lillian Newberry, 54, succumbed December 26th at her home in Frederic following a two-year illness. She attended Bentley grade school and Standish High School. She was married April 19, 1919, to Roy Newberry at Bentley, and lived there several years following her marriage until the couple moved to Frederic, where they lived for the past 21 years.

During her lifetime Mrs. Newberry was a housewife, a practical nurse at the TB San at Grayling for four summers and also worked for the Grayling Sanatorium. She was music director for eight years at the Grayling R.L.D.S. church and a Sunday School teacher for 18 years. She was a lover of music and enjoyed social work.

## Pellston Hornets Here Friday 13th

### Vikings Travel To Mancelona Friday Night For Cage Game

The Grayling High Vikings get back into basketball play this Friday night when they travel to Mancelona to take on the Ironmen in a Northern Class C conference game.

The Ironmen to date have dropped three conference contests as against one victory. The Ironmen are trailing the Grayling Blue Devils for three quarters of a game came back with a fourth period rush to post their lone victory. On the basis of play thus far, the Vikings are favored to take the game. But in that the contest will take place on the small Mancelona floor, it will give the Ironmen somewhat of an advantage.

Grayling will next appear before the local fans on the new gym floor here on Friday, December 13 when they will host the high flying Pellston Hornets. The Hornets at the present time are in a four way tie for the conference lead with Grayling, Charlevoix and Boyne City. Pellston has lost only to Boyne City in a on point squeaker which Boyne bailed out in the final four or five seconds of a put-of-fool shot.

The Vikings have stepped practice over the holidays and will probably get several heavy workouts this week to get back into top shape prior to starting in play again.

The Grayling team is slated to bump into Kalkaska, Boyne City and the second meeting with East Jordan during January. The Boyne City game will mean a great deal towards the final conference standings and both teams are expected to go all out for a victory.

## To Select Local Winter Queen On January 14th

A ski school followed by dancing at the warming house is being planned for every Thursday evening the rest of the season beginning tonight, January 5th.

There will be no charge for the use of ski down or ski equipment. The only charge will be 50c per person to take care of the expenses of the ski instructor who will be Al Whelan from Sylvan Knob ski club near Gaylord. Following the instructions which will be held from 7:30 to 9:30 p. m., dancing may be enjoyed at the warming house. The snack bar will be open all evening each Thursday.

This method is being taken by the Grayling Winter Sports Park Inc. in an attempt to develop more local interest in the park and to make it easy and inexpensive for local people to learn to ski. The classes are open both to adults and children.

On weekends, Stewart Atwell of Cass City will serve as ski instructor at the park as he has for the past several seasons. Any person getting a start at the Thursday evening ski school, may continue their lessons each weekend if they wish with Mr. Atwell.

## March Of Dimes Continue Making Thread Into Rope To Bridge Polio

Figures gathered by the National Foundation for Infantile Paralysis indicate that for the first time man has defeated the nationwide pattern of polio attack with respect to age groups.

This was revealed today by Dr. Hart E. Van Riper, National Foundation medical director, who said that "hospital admission rates for polio dropped 52 per cent in the eight year old group and 40 per cent in the seven year group—the principal age groups given vaccine."

These percentages, if projected into numbers, indicate that during 1955, of the 7,000,000 children in seven and eight year old group, only 400 will have had an attack of polio whereas previous to the vaccine, 1,700 would have been stricken.

and unbent by Polio. You should know that your money paid Dr. Jonas Salk while he searched successfully for the vaccine; that you paid for the education and training of doctors and physiotherapists such as we have at Munson Hospital at Traverse City; that you have paid thousands of dollars in hospital and doctors bills; for children and adults stricken with Polio; that you have purchased special shoes, braces, wheel chairs for those who are permanently handicapped and in spite of all you have done—we must again ask, "Give to the March of Dimes." Polio isn't licked yet!

## Indies To Play Here Saturday Night

The Bear Archery Independent will meet the high flying Manton Oilers in an independent basketball game in the new Grayling High gym this Saturday. A preliminary game is planned for 7:30 P. M. to precede the main game.

Expected to lead action for the Bears are: Dick Miller, Hank Feldhauser, Ronnie Larson, Allan Lucksted, Wilfred Laurant, Ross Thompson, Sandy Thompson, Pet Millikin, Jerry Korhonen and Jim McClain.

## Homemaking Project

## WHAT WE TEACH AND HOW WE TEACH IT

Pictured above are six members of the homemaking class at Grayling High School with part of their Christmas dolls on display.

The Homemaking Classes of Grayling High School for the last two years have spent two weeks of their classroom time sewing garments for dolls. These dolls were a Christmas gift of the Grayling Kiwanis Club to needy girls of the community.

This project not only helps the Homemaking girl to learn simple sewing techniques by hand and on the machine, but also provides experience in the use of patterns which she will use later in making garments for herself. Also, it provides an opportunity to serve her Community.

The girls find it a fascinating project. Every girl tries her imagination as a designer of beautiful clothes, as well as her talent as a good seamstress.

The results are a pleasant surprise, not only to the designer or seamstress, but to the little girl who receives one when St. Nick visits her some time Christmas Eve.

Members of the Junior Class of Grayling High School presented a play, "Almost An Angel," on Thursday, Dec. 22, to conclude the school's activities until after New Year's.

The play was also presented Wednesday and Thursday nights at Camp Lehman and Camp La Victoire.

Robert Bove directed the play. Following is a list of the members of the cast: Jim LaGrow, "Brother"; Bill Martin, "Cousin Willy"; Don Campbell, "Father"; Nancy Reava, "Teacher"; Sally Minnear, "Mother"; Judy Sorenson, "Sister"; Tony Dornica, "Doctor."

## Our Neighbor's Keeper

America is a land in which, next after the family, the neighborhood is the social unit. In times of trouble and disaster, neighbors have a way of taking care of their own. Volunteer workers — again "the neighbors" — are always ready and willing to go into action when disaster strikes at their fellow Americans.

So it has been in the fight against infantile paralysis, a disease which so often has the impact of both personal and family disaster.

The March of Dimes has won support all over America because one neighbor is willing to help another. But it's not always the neighbor next door. The "neighbor" in the fight against polio may be an afflicted child in another city far away.

Notwithstanding the Salk vaccine, many thousands of polio victims still need help. They are people for whom the vaccine came too late. And there's still a big job to be done in medical research, in recruiting and training scientists, doctors and other experts for a fight to the finish against this crippling disease.

January—through to the 31st—is March of Dimes time. It is your chance to send in your check for as much as you can afford to the County Chapter of the National Foundation for Infantile Paralysis; and with the small change you have around, to fill the little Dime Cards that are being distributed throughout the county.

The March of Dimes merits the support of every one who can give—even a little. Be a good neighbor. Join the March of Dimes today.

## The New "Cold War"

In his recent report to the nation on the Big Four foreign ministers' conference at Geneva, Secretary Dulles said: "We must assume that the Soviet Union will continue its efforts by means short of war to make its system prevail, as it has done in the past."

Sylvia Porter, the syndicated columnist, in describing recent Soviet overtures toward Egypt and other countries, said: "The cold war continues — but the direction has clearly shifted from the military to the economic."

U. S. News & World Report, in the course of a long article entitled "World War III, Russian Style," observed "Russia's technique is to wage war with ideas, not directly with guns or atomic bombs or hydrogen bombs or guided missiles. The push buttons in this modern type of war are in the hands of diplomats and propagandists, not in the hands of soldiers."

Business Week, in commenting on the Soviet offer to help Egypt build a huge dam on the Nile, said: "Harnessing the Nile at Aswan is Egypt's dream. The country that helps her do it will move in to stay."

The sources quoted are all authoritative, all responsible, all well informed. It is significant that what they say adds up to the same thing—that the ruble, rather than the bullet, is now Russia's principal weapon of war. And in the conduct of that war, to quote U. S. News again, Russia uses, as she long has used, "infiltration, subversion, revolution, diplomacy—by bluff and bluster."

This magazine's account of Russian world penetration is an awesome one—since 1939 she has extended her dominance over 740,000,000 people in 17 nations. Equally awesome is her basic technique—though "Soviet imperialism shows a growth without comparison in modern history," she manages to make "vast gains among onetime colonial countries by convincing them that the Western nations are the arch imperialists." She has made more effective use of the "big lie"—which simply involves repeating an untruth so often that people come to believe it—than Hitler, the "big lie's" creator, ever did. She is lavish in sending smiling-faced delegations to the nations abroad, and all of them, no matter what their announced purpose, are intensively trained salesmen of communism. And now the emphasis is on trade—in the words of U. S. News "The Soviets have opened a trade offensive on a front stretching all the way from Europe to the Far East."

This is what the American government must now combat. None of it has come as any surprise to the American leaders. They certainly did not take the Geneva "new look" at face value. As Secretary Dulles put it a short time ago, "We have not lowered our guard. Our military strength. . . cannot vary with their smiles or with their fronts." And Russia's obvious intentions have resulted in one increase in Western strength. They have shored up NATO, by again proving that friendly words and gestures from Kremlin leaders are not what they seem.

What of the long view? Here is how President Eisenhower sees it: "I know that no setback or obstacle to progress will ever deter this Government and our people from the great effort to establish a just and durable peace. Success may be long in coming, but there is no temporal force so capable of helping to achieve it as the strength, the might, the spirit of 165,000,000 free Americans. In striving toward this shining goal, this country will never admit defeat."

"Ten cent tax bill held valid by Supreme Court." The program was received Wednesday forenoon and was sent by William Green, our representative in the State Legislature. This information was immediately conveyed to the Crawford County Board of Supervisors which was in session at the Court House at that time, and other interested citizens. This means that the State of Michigan must pay to the townships of Michigan in which there are state-owned lands not being used for public parks, etc., the amount of 10c per acre annually. "This money will come to the county treasurer who will distribute same to the several townships in accordance with the number of acres of such lands as lie therein. A rough estimate of the acres of such lands in Crawford County is approximately 100,000. In this county there are many acres of state-owned land upon which there will be no tax paid. For instance, the Hanson Military reserve contains 15,000 acres and the Hartwick Pines has an area of 8,000 acres, all of which is exempt from this 10c per acre tax."

"It was a magnificent crowd that gathered at the school auditorium Saturday night to watch the old year out and the new year in by enjoying dancing to the music of the Northern's dance band. The 'New Year's dig' was sponsored by the Sports Association and the warm, inviting appearance of the dance hall seemed to inject a gay spirit into each and every guest, which resulted in the merry makers filling the floor until the wee hours of morning. Colorful balloons hung in festoons above the dancers while a huge cluster formed the center decorations. Christmas trees had been placed around the room just even with the balcony line. An elevated orchestra stage was very attractive, being covered with alternate strips of red and green crepe paper. At the corners and back were green branches filled with colored lights that blinked on and off at regular intervals. At the back of the stage one sign read 'Happy New Year' and below and in front appeared the same greeting. The midnight hour was heralded in by a lively festoon and pandemonium reigned as balloons dropped and popped and whistles proclaimed the New Year. The party was a complete success and the committees on arrangements and decorations were pleased with the results of their efforts. A neat sum was added to the treasury of the Association."

## It looks high priced

...but it's the '56 Chevrolet!

THE NEW DEL AIR SPORT COUPE

Who wouldn't mistake this new  
Chevrolet for a high-priced car!  
It looks strictly "upper bracket"  
with its bold new Motoramic styl-  
ing... its longer, lower hood...  
its proud new full-width grille.  
But, even beyond the costly ap-  
pearance of its beautiful body by  
Fisher, Chevy gives the high-priced  
cars a run for their money. It brings

you lightning acceleration for safer  
passing. Horsepower ranges up to  
205! All engines now have hydrau-  
lic-hushed valve lifters.  
Besides, you get safety door  
latches in all models. You can also  
have seat belts, with or without  
shoulder harness, and instrument  
panel padding at extra cost.  
Come highway-test a Chevrolet!

(Too Late For Last Week)

We had our Christmas party on Friday night, December 23rd. Not as many as we expected but we wish to thank the ones who so willingly gave their time and tried so hard to help. Also to Bob Gibbons for the nice tree. See-Biscuit you made a jolly Santa even to the belly that shook like jelly. The kids enjoyed it and someone said the coffee was good.

Jean, Joe and Skip went down below and brought back Dampoo and Nanny for Christmas. Nice to see you folks again.

The Hendricks are leaving for a few days, also Babe and Lloyd Marion.

Mr. and Mrs. John Metheringham are spending Christmas in Flint. If they keep on leaving we will look like a Ghost Lake out here. Even we are leaving for a short stay over to our daughter and son-in-law, the Al Hirts who live at Torch Lake. And what a nice day we had.

Don and Norma Schroeder and son from Garden City are up for Christmas. Norma is Mrs. Muriel's daughter. Mrs. Muriel's Apparell Shoppe in Kalkaska.

There is a regular homecoming out here at the Jessome's cottage. They tell me that they are all home. I can not name them all but there is plenty of fun and excitement.

Happy New Year to everyone.

During a terrific Northwest blizzard of wind and snow last Monday afternoon, the alarm of fire startled the town, but we were glad to get back where it was warm, after learning that there was no danger, the alarm being rung in by someone through the city phones, who could not see that the flame was confined to the chimney, and that there was no

danger, and no damage occurred. The scare came from L. Fournier's residence, and we presume they were as glad as the balance of the citizens.

Mercury registered at 20 degrees below zero Monday night.

Mr. Jack McIver of Detroit was the guest of Fred Michelson during the past week.

Miss Margaret Hanson has been entertaining Mr. George Clark and Miss Irene Best of Detroit.

Mrs. Axel Becker and children of Johannesburg have been visiting her parents, Mr. and Mrs. James Woodburn.

Mr. V. W. Lankey of Bay City takes the place of P. C. Hill as trainmaster at this station. Mr. Hill is moving to Jackson.

Railroad traffic was all out of joint and the telegraph and phone wires nearly out of commission yesterday on account of the storm.

The Grayling Social Club gave their Second Annual Ball at the Opera House on New Year's eve. About fifty couples were present, and the dancing began at nine o'clock, the grand march being led by Dr. and Mrs. Stanley N. Insley.

The decorations were beautiful and befitting the holiday season, and at a neatly arranged booth the Misses Elsie Salling and Conella Meistrup served the punch to the merry makers. Refreshments were served at midnight. Among the out-of-town guests were Mr. and Mrs. E. E. Hartwick, Messrs. Melver and Clark and Miss Best of Detroit, Misses Melther and Johnson of Gaylord, and Mrs. C. Westcott of Salling.

When the dust is on the counter and the cobweb's on the shelf, and there's no one in the store but your own disheartened self, and your stock is getting shelfworn, and everything looks stale, and bills enough are coming in to make a baker pale. Oh, then the time a fellow is a feelin' kind of blue and is puzzled with the thought of the proper thing to do. In such a situation but one remedy applies.
